

CRTB Bond Certification Process Data Flow Diagram (Red and Blue2 Zones)

Symbol Key

Notes

Red Zone are activities related to sponsored research based on projects identified in the space survey for the North wing of the CTRB. Investigators provide estimates of CTRB usage by project, Intellectual property of each project is determined by the Office of Clinical Research (OCR)

The **Blue1 Zone** is completed by reports directly collected from the major tenants of the CTRB North Wing (i.e. CTSI, Epidemiology, and Biostatistics)

The **Blue 2 Zone** are minor tenants of the North wing of the CTRB and allocation of research revenue is based on salary funding codes

The **Black Zone** – Clinical Research Center activities not captured in the Red Zone classified by the CRC administration.
